

Beth Donofrio Candidate Profile

Dear Citizens of Campbell:

I am asking for your consideration for re-election to the office I currently hold on the Campbell City Schools Board of Education. I am the daughter of the late Richard and Joanne Brownlee, growing up in Struthers. I am married to Gene Donofrio, daughter in law of Corky and MaryAnn Donofrio. Our 3 children have all attended and graduated from the Campbell City Schools, Vincent, Gina and Danielle. We are members of St. Nicholas Roman Catholic Church, Struthers.

I am a graduate of Youngstown State University and Wheeling Jesuit University. I have been employed at Edgepark Medical Supplies in Twinsburg since 2005, currently in the position of Medical Documentation Supervisor. Prior to this I have been employed as a Medical Assistant in the offices of Richard Osman, DO and Starr Family Practice, serving many of our Campbell citizens. I have been an active member of our community, serving on the executive board of the former Campbell Academic Association, belonging to previous City Fest committees, Campbell E/M PTO, Penhale and Reed school PTOs, coached Destination Imagination teams for over 10 years and served as team mom in the Campbell Girls' Softball league.

I am proud that my children have all graduated from our school district. We have worked hard as a Board of Education to implement programs to provide our Campbell City school children with a quality education. With my fellow board members, we have worked to trim finances and work within a budget. We have seen the school ratings improve throughout the last few years and this is something that all citizens of Campbell should be proud of.

I am asking for your consideration so that I may follow through on many of the latest changes we have put into place to stay fiscally responsible. I believe that my educational background and current supervisory experience bring problem solving skills and effective communication to the office of the Board of Education. I believe we are on the right track in implementing and executing programs to educate our Campbell youth and continue to make Campbell a proud place to call home.

Thank you,

Beth Donofrio
